CAREER OBJECTIVE

A BCA student with hands-on experience in Python and Django, networking fundamentals and data structures & algorithms, particularly the two-pointer technique. I am eager to secure a software development internship where I can leverage my programming skills and contribute to real-world projects.

WORK EXPERIENCE

Freelance Data Entry Specialist • Internship

Jul 2026

Freelance Project, Virtual

Completed data entry of 150,000 records within a tight deadline, ensuring 99% accuracy. Delivered high-volume output in a single continuous 19-hour work session, demonstrating exceptional focus and reliability under pressure. Contributed to project success by providing timely and accurate data that supported decision-making processes.

EDUCATION

Bachelor of Computer Applications (BCA),

2024 - 2027

Indira Gandhi National Open University

PORTFOLIO

[Leetcode link ↗](#)

PROJECTS

[URL Shortener ↗](#)

May 2026 - Jun 2026

Built a web application that converts long URLs into shortened links using Django. Designed and implemented REST API endpoints for URL creation and redirection. Applied backend logic for generating unique short codes and managing URL mappings. Structured a full-stack project independently, covering database design to API integration.

SKILLS

- | | | |
|----------|-----------------------|-------------------------|
| • Python | • Django | • Django Rest Framework |
| • APIs | • Computer Networking | • CI/CD |

EXTRA CURRICULAR ACTIVITIES

- Cycling (long-distance, fitness-focused), Chess (strategic thinking), Roller Skating, Badminton.

ADDITIONAL DETAILS

- Completed a 150,000-record data entry project in 19 hours, earning a bonus. Built a Django URL Shortener. Skilled in Data Structures and Algorithms (DSA) and CI/CD basics. Enjoy chess, cycling, badminton, and roller skating.
